PREFACE

H. C. MORROW

These are the notary records kept by my father, H. C. Morrow, between September of 1963 and October of 1974. I hope they will be useful to persons researching histories of their families, businesses, and other subjects. Entries are slices of Corpus Christi life between those years; insurance claims for damage by Hurricane Celia appear during 1970 and 1971, for example; Chevrolets outsell all other cars mentioned.

Harvey Carl Morrow -- he used the name Carl -- was born in Olustee, Oklahoma on 2 July, 1922. An inexplicable error caused his birth year to be listed as 1919 in some Social Security and Military records, but 1922 is correct. Shortly after, his parents, originally from Palestine, Texas, moved to Electra, Texas where his father, a carpenter, found work due to the Oil Boom.

There Carl Morrow grew up and there he met, and in April of 1940 married, Mary Sue Richardson. Mary's parents and paternal grandparents had already come to Corpus Christi seeking work, and when Carl entered World War II she came here to stay with them and her sister.

After the War, Carl Morrow located his family permanently in Corpus Christi. He held various jobs as an electrician, working for several companies, including Ace Trailers and Halliburtons. In July, 1958 he started working at Culli's Cameras at 63 Parkdale Plaza, where he stayed for about ten years, then moved to the gun department at Oshman's Sporting Goods, 4124 South Staples, in Carmel Village. It was while Carl worked at these places that he got and maintained his notary commission, and most of his notary work was probably carried out in these stores.

Carl retired in 1983 due to the heart and kidney disease from which he died on 6 November, 1987. He was a member, among other organizations, of the National Rifle Association, Bethany Christian Church, the Corpus Christi Pistol and Rifle Club, and the Masonic Lodge. Among the people he knew were Joe Bluntzer, Penrod Harris, Hsia

Hsiao Tsai, Barbara McDowell, and Nate Shapiro.

NOTARY COMMISSIONS AND EQUIPMENT

Carl Morrow kept his seal, stamp, and commissions in a gold colored zippered money bag of soft plastic that measured ten by five inches. One side bore the name of The Corpus Christi State National Bank, a black circle surrounded by white stars and containing the inscription "Full Bank Service," a picture of the bank building, and a picture of a diamond between lines reading, "Our 75th Year" and "1890 - 1965."

His records were kept in a burgundy colored, paper bound book labelled "Cash Book" on the front cover. Inside the cover is the logo "Miniature Account Books for home and office," a line of which this is Number 1422, Size 9, 3/16 by 5 and 3/4 inches, having eighty - eight pages. Fourteen of these pages bear entries, in blue or black ball point ink and occasionally pencil. These entries vary in legibility and are generally spaced one, two, or three lines apart.

The date is always to the left, written usually in

numbers by the formula: Month/Day/Year. A second column bears the names of the parties involved and identifies the document notarized. The third column is for the charge; with some exceptions it bears the abbreviations "NC," "No Chg.," or note "No Charge;" why some have no cost notation and why a twenty - five cent charge was levied on an Affidavit of Heirship to a motor vehicle for a person whose name seems to have been Emil T. Delabray I do not know.

Five envelopes bearing the County Clerk's imprinted return address contained Carl Morrow's notary commissions and a Texas Notary Public Handbook by the State Junior Bar of Texas. This twenty page booklet, measuring a narrow 3.5 inches by 8.5 inches, has an orange cover and sections outlining duties and responsibilities of and questions most often asked by Notaries.

The first Commission, issued 1 June, 1963, printed on a blue certificate, signed by Secretary of State Crawford G. Martin and Governor John Connally. The hand addressed envelope bore the return address of County Clerk Mrs. Henry E. Gouger and was postmarked 12M, 30 July, 1963. The second, on a brown certificate, issued the same

month and day in 1965, had the same signatures; the hand addressed envelope from Mrs. Gouger was metered 21 July, 1965. The postmark gave no hour. The third Commission, orange and dated 1967, was signed by Secretary of State John L. Hill and Governor Connally, and mailed by Mrs. Gouger. The address was typed and the meter mark was dated 9 August, 1967.

The next Commission, on a green marked certificate, was signed by Secretary of State Martin Rep, Jr. and Governor Preston Smith. The hand addressed envelope bore Mrs. Gouger's stamp and was metered 1 June, 1970 although the Commission is dated 1 June, 1969. Fifth, on a red certificate, had the same names; the address was typed and the meter mark dated 10 August, 1971. The sixth and last Commission, which was printed on blue, was signed by Secretary of State Mark W. White and Governor Dolph Brisco. The envelope, metered 31 July, 1973, bore a typed address and Mrs. Gouger's name as County Clerk.

PERSONS MENTIONED IN RECORD BOOK

I cannot identify most of the persons whose

documents Carl Morrow notarized, but I do know who a few of them were. R. B. Richardson is Robert Bruce Richardson, my maternal grandfather and father of Del Mar College President Dr. Jean Richardson. Clementina Garcia is the name of my brother, Richard's, mother - in - law, but I do not know whether she is the individual of that name who appears in these records.

Paul Dunsmore, a retired Navy man and Pearl Harbor veteran, lived at 4825 Archer Drive since about 1947, died about 1970, and was long survived by his widow, Berniece.

The Bluntzers and McDowell's were friends of Carl Morrow for many years. Nate Shapiro, one of the investors in Parkdale Plaza, was also a long time friend. E. W. Thurk, who pronounced his name "Turk," I met once or twice; he was another of Carl's friends.

Eddie Cormier was the manager of Parkdale Enco, at 4127 South Staples, in Parkdale Plaza, where a Wendy's Restaurant was later built. Eddie was a round but strongly built red haired man from Louisiana, whom Carl always called "that Coon-ass." E. C. Rider, whom I believe worked for him or was his partner, later bought the filling station and relocated it to 4302 S. Staples. David Harris,

Farmers Mutual Insurance Company, was for years our insurance agent. Gene Mynard was the manager of Oshman's at Carmel Village. The barber licenses Carl notarized belonged to the barbers whose shop was located at 65 Parkdale Plaza, around the corner from Culli's.

The Sandblom Insurance Agency, or at least a Paul Amos Sandblom, was involved in a legal scandal at about the time Carl notarized documents for the Agency, but the details are unknown to me.

I have indexed the names of the persons, companies, and some products mentioned, names of locations and some phenomena like Hurricane Celia, and the types of documents notarized. In some cases, such as that of "Coter" and "Carter" Cowley, differences in spelling reflect the individual's accent and whether or not written identifications were produced. Where I know initials and names refer to the same person, I include them in one index entry; otherwise they get separate lines. For any omissions or oversights or other shortcomings I offer my apologies.

David C. Morrow

7 January, 1990

LEGER RECORDS

In copying these records, a few of which are difficult to read, I have placed the date to the left, followed by the entry, then the charge. It is of course impossible to reproduce entries exactly as written, but I have tried to capture their style and feeling. The entries are in the order in which they appear in the book, which is largely chronological; those few that seem out of order may contain errors made when they were recorded, or I may simply be reading them wrong. The entry numbers do not appear in the original, but are supplied for convenience. Editorial comments are in [brackets], names in **Bold type**.
